7th May 2021

Message from the Dental Council of Trinidad and Tobago

In light of the Honourable Prime Minister, Dr. Keith Rowley's mandate for a lockdown of non-essential services from May 8th until May 23rd 2021, the DCTT wishes to advise the following.

Dentistry, as far as the Prime Minister has determined, does fall under the essential private health sector which should remain accessible for Emergency Services ONLY. In this regard we do advise that all necessary precautions be taken to safeguard your staff, your patients and yourself.

We strongly advise that the strictest protocols be maintained with regard to PPE and infection control, as outlined in previous guidelines, when dealing with dental emergencies.

The DCTT thanks you for your continued support and will continue to update you as more information becomes available.

Yours sincerely,

Dr. Ingrid Seeberan
Secretary
DCTT
